Multimodal Transportation Action Plan

The City of Norfolk is developing a Multimodal Transportation Action Plan. This plan will make the transportation system safer, more comfortable for all modes of travel, and eliminate transportation-related deaths and serious injuries.

We want to hear from you! The project team will be facilitating two walk audits on **Wednesday, October 30th** that will be open to the public. Fill out the **walk audit registration form** to let us know which walking tour you can join. Be sure to share the link with friends and family!
